

DIFFUSER CARE

BOTTLENOSE

WITH YOUR REED
DIFFUSER PURCHASE,
YOU'VE MADE A SPLASH
IN OUR MISSION TO
PROTECT OUR DOLPHIN
FAMILY. THANKS A BUNCH!

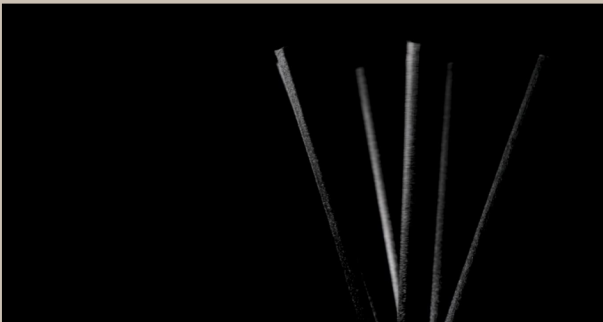

BOTTLENOSE

REED DIFFUSERS OFFER A GREAT WAY TO ADD A FRESH SCENT TO YOUR HOME, OFFICE, OR PERSONAL AREA. THE NATURAL FIBER REEDS CONSISTENTLY EMIT A REFRESHING FRAGRANCE THROUGHOUT THE SPACE.

PLACING THEM IN HIGH TRAFFIC ZONES ALLOWS THE SCENT TO DISPERSE WITH AIRFLOW AS PEOPLE PASS BY, ALTHOUGH IT MAY NOT FILL THE ENTIRE AREA WITH FRAGRANCE.

UNLIKE CANDLES, REED DIFFUSERS ARE FLAME-FREE, MAKING THEM A SAFER OPTION. THEY CAN BE POSITIONED ANYWHERE WITHOUT NEEDING ELECTRICITY.

REED DIFFUSERS WORK CONTINUOUSLY, REQUIRING ONLY WEEKLY REED ROTATION FOR MAINTENANCE.

HOW TO CARE FOR YOUR REED DIFFUSER

WHEN YOU RECEIVE YOUR DIFFUSER MAKE SURE YOU REMOVE THE STOPPER BEFORE PLACING THE REEDS INTO BOTTLE

WHERE SHOULD I PLACE MY REED DIFFUSER

AVOID PLACING IT IN DIRECT SUNLIGHT, HEAT SOURCES OR DRAFTY AREAS.

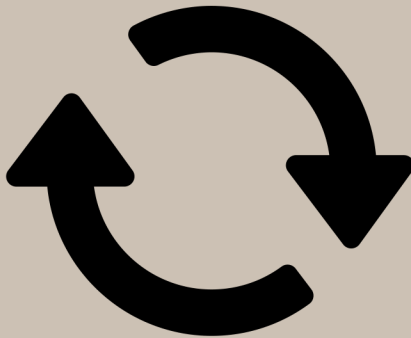

HEAT AND AIRFLOW CAN ACCELERATE THE EVAPORATION OF THE FRAGRANCE OIL, REDUCING THE LIFESPAN.

HOW OFTEN SHOULD YOU FLIP THE REEDS?

FLIPPING YOUR REED STICKS EVERY SO OFTEN PROVIDES A FRESH BURST OF FRAGRANCE AND HELPS PREVENT THE REEDS FROM GETTING CLOGGED.

WE RECOMMEND DOING THIS AROUND ONCE A WEEK OR EVERY TWO WEEKS. TO DO THIS, TAKE THE REEDS OUT AND PUT THE DRY END INTO THE VESSEL.

WHY CANT I SMELL MY REED DIFFUSER

IF YOU FIND THAT YOUR DIFFUSER'S SCENT IS LACKING, IT COULD BE THE REEDS RATHER THAN THE OIL

. OVER TIME, THE REEDS SIMPLY LOSE THEIR ABILITY TO BE ABLE TO DIFFUSE SCENTS EFFECTIVELY. SOMETIMES THIS CAN BE BECAUSE THEY HAVE BECOME CLOGGED WITH DUST AND OIL.

WARNING

- DO NOT LIGHT THE DIFFUSER REEDS
- ENSURE THE REED DIFFUSER IS PLACE OUT OF REACH OF CHILDREN AND PETS
- ENSURE THE REED DIFFUSER IS IN AN AREA IT WILL NOT BE KNOCKED OVER
- IF SPILT, CLEAN THE AREA IMMEDIATELY AS THE LIQUID CAN DAMAGE SURFACES
- KEEP AWAY FROM ELECTRICAL APPLIANCES

WE HOPE YOU ENJOY
YOUR DIFFUSER.
THANK YOU FOR
